

**MINUTES OF THE  
BOARD OF COMMISSIONERS  
OF  
MEDINA COUNTY PARK DISTRICT**

**August 16, 2023**

**I. CALL TO ORDER**

A. Vice-chairwoman Davis called the meeting to order at 8:30 a.m. at Medina County Park District Headquarters, 6364 Deerview Lane, Medina, Ohio.

B. Roll Call

1. Roll call showed Vice-chairwoman Davis and Commissioner Neate present. Also in attendance were Director Eppink; Planning and Operations Manager Smith; Development Coordinator Peacock, Park Planner Kleshinski, Business Manager Chaney; Legal Counsel Holland; future board commissioner Jason Venner, and Guilford Township residents Jansen Wehrley, James and Judy Carpenter, and Paul Wyrzykowski.

**II. APPROVAL OF MINUTES**

A. July 19, 2023

1. Commissioner Davis offered a motion approving the minutes of the July 19, 2023 meeting as presented. Commissioner Neate seconded; the motion unanimously carried.

**III. PUBLIC PARTICIPATION**

A. Jansen Wehrley

1. Mr. Wehrley resides at 4669 Blake Road in Guilford Township. He attended the meeting representing 11 neighbors residing near Hubbard Valley Park to oppose the proposed land swap between the park district and Muskingum Watershed Conservancy District (MWCD). MWCD plans to construct an office and equipment storage building across from Mr. Wehrley's residence on Blake Road. Mr. Wehrley presented the board with a signed resolution from the Guilford Township Trustees in opposition of the land swap. Mr. Wehrley stated that he and some neighbors will continue to attend park board meetings in opposition of the land swap until the park district drops the issue.

B. James Carpenter

1. Mr. Carpenter resides at 4655 Blake Road. He opposes the proposed land swap with MWCD as he doesn't want to hear MWCD's equipment running.
2. Mr. Venner left the meeting at this time.
3. Vice-chairwoman Davis stated that no park district financial resources have been expended on the proposed land trade. Mr. Wehrley countered that the time the director spends in discussing the issue costs the park district money.

C. Director Eppink

1. Director Eppink said that he has not seen alternate site plans from MWCD. He stated that the house at Buffalo Creek Retreat is currently leased to a renter and that neither the Buffalo Creek house or the vacant Hubbard Valley house are suitable for use as public buildings.

2. The director reported that he has written to the Guilford Township Trustees explaining the park district's position on the proposed land swap. If the park district divests itself of land or swaps/sells land, it must give notice to surrounding public entities that may be interested. Director Eppink confirmed that, outside of the time he has spent discussing the proposed swap, the park district has not expended financial resources toward this issue.
  3. Director Eppink stated the land swap was not a topic on today's agenda and that it is not prudent for the park board to vote on or authorize the swap before MWCD has received all necessary approvals for the project.
- D. Jansen Wehrley
1. Mr. Wehrley stated that he wants the park district to deny the swap and discontinue conversations with MWCD now rather than waiting for the township to deny Muskingum's zoning request.
- E. James Carpenter
1. Mr. Carpenter said he is upset that MWCD is moving forward in conducting surveys without consulting the residents and township.
  2. Director Eppink said that he cannot speak to where MWCD is in the process as he is not affiliated with or on the board of MWCD. He said that if a potential benefit to the park district arises in which the park district can exchange 4 acres for 13 acres adjacent to another site that will provide better access, we will consider the opportunity.
- F. Paul Wyrzykowski
1. Mr. Wyrzykowski stated that he does not want to be subjected to the lights, noise, or activity that would take place across from his property should MWCD develop its facility there. He is also concerned that such development will reduce the animal activity he currently observes on the property.
- G. Vice-chairwoman Davis thanked the guests for attending the meeting and sharing their concerns with the board.
1. Mr. and Mrs. Carpenter and Mr. Wyrzykowski left the meeting at this time.

#### **IV. FINANCIAL REPORTS**

**V. DIRECTOR/STAFF REPORTS**

**A. Director's Updates**

1. Director Eppink and the board officially welcomed new Park Planner John Kleshinski to the park district.
2. The director reported that, as a follow up to last month's discussion about the county's accounting software, he and Business Manager Chaney are meeting with County Administrator Chris Jakab this afternoon to discuss the issues staff is experiencing.
3. Director Eppink reported that, as follow up to last month's board meeting, he has:
  - a. responded to questions about the possible land swap with the Chippewa Subdistrict posed by residents of Blake Road and answered a handful of calls from other neighbors. A letter was also sent to Guilford Township Trustees.
  - b. notified Medina Fiber that authorization was not granted. He encouraged Medina Fiber to, instead, consider the Chippewa Yacht Club property where it wouldn't impact a state-funded wetland project.
4. Director Eppink reported that, since the June board meeting, he received deeded lake rights from one of the Chippewa Lake residents who was in attendance. Per legal counsel review, the deed appears to address access to the water for bathing, fishing, and boating but nothing about subsequent owners having the ability to place docks in perpetuity. He will revisit the issue with the group of stakeholders put in place last year and bring a recommendation to the commissioners this fall.
5. Director Eppink reported that the first round of Main Drive paving at Chippewa Lake from the new roundabout to the new bridge has been completed. A second round of paving should be completed yet this year covering the entire span of Main Drive from Lake Road to the new bridge before Euclid Avenue. The projects were made possible by a federal critical infrastructure grant to the county and American Rescue Plan Act (ARPA) dollars committed to the project by the county commissioners.
6. Director Eppink reported that he has been elected president of the Ohio Parks and Recreation Association board for the current year, July 1 through June 30, 2024. His current and final term on the board expires in 2025.
7. Director Eppink invited the board and Legal Counsel Holland to join park staff for a summer picnic at Buffalo Creek retreat on Wednesday, August 30 at 11:30 a.m.

**B. Monthly Report**

1. Director Eppink presented the July Monthly Report for the board's review.
  - a. Vice-chairwoman commented on the increased number of patrol warnings and citations. The director stated that there were nine citations for alcohol on Chippewa Lake this past weekend. As the park district now has a full slate of officers, the police department is making patrol of Chippewa Lake a priority.

**C. Departmental Activities**

1. Director Eppink provided the July departmental activity report for the board's review.

- a. Planning and Operations Manager Smith reported that he has accepted a position with Trust for Public Land. His last day with the park district is August 25. - b. Planning and Operations Manager Smith reported that the metal roof was installed in-house on the Granger Wetlands bridge. The parking lot improvements will begin soon.
- c. Planning and Operations Manager Smith reported that construction of the H2Ohio Vaughn project is commencing. The Chippewa Rail Trail will remain open when possible but will, periodically, need to be closed for the public's safety.
- d. Vice-chairwoman Davis applauded Planning and Operations Manager Smith's hard work over the last few years, expressed sorrow to see him leave, and wished him well in his future endeavors.
- e. Development Coordinator Peacock reported that she will be attending meetings with the investment subcommittee of the Friends group to review procedures and consider depositing monies into a donor-advised fund with the Cleveland Foundation for support and management.
- f. Development Coordinator Peacock reported that the Medina Sunrise Rotary did not choose to fund the park district's grant application requesting financial support of the roof for the Granger Wetlands bridge. The organization appears to be focusing on children-oriented grant requests at this time.
