1. Judge Dunn left the meeting at this time.

III. APPROVAL OF MINUTES

A. November 15, 2023

1. Commissioner Davis offered a motion approving the minutes of the November 15, 2023 meeting as presented. Commissioner Neate seconded; the motion unanimously carried.

IV. PUBLIC PARTICIPATION

A. Jansen Wehrley of Guilford Township stated that he is in favor of the park district/Muskingum Watershed Conservancy District land swap as proposed on Hubbard Valley Road. He thanked Director Eppink and the board for hearing the voices of the Blake Road residents and Guilford Township Zoning Department. Mr. Wehrley supports all actions that need to take place to make this land swap happen.

B. Barbara McGrath of Chippewa Lake said she applauds the park district/legal counsel responsiveness to her recent public records request and the district's proposed user (lake) education in addition to increased law-enforcement patrol on Chippewa Lake. She is in support of the proposed stakeholders collaboration and is grateful that the district recognizes that there is no need to act quickly in changing lake rules when we all want the same thing—safety on the lake. Regarding the stakeholder collaborative efforts, Ms. McGrath believes that an ongoing comprehensive safety group in addition to improved communications would be of benefit to all.

1. Park Police Officers Urban and Davis arrived at this time.

- C. Ms. McGrath commented that she learned a lot about the park district and its continued issues such as the docking program. She said that the community offers its support.
- D. Dan Wolpaw of Chippewa Lake commented that all are interested in keeping the lake safe for everyone; however, he does not feel the proposed new rules will meet that goal. He feels the rules will punish those who are dedicated to the lake. Mr. Wolpaw feels that making changes to the rules without clear goals would be a mistake.
- E. John Sandora thanked the board for holding the open-house sessions on December 5 and for assembling the stakeholders advisory committee to make the lake a safer place for all users.
- F. Director Eppink thanked the residents for attending. He explained that the advisory committee will consist of members of the Chippewa Ski Team and Chippewa Yacht Club in addition to the request for both Chippewa Lake and Gloria Glens mayors to select individuals from their communities to review and discuss proposed changes and rules to Chippewa Lake. Director Eppink will not serve on the committee; however, one park police officer and one board commissioner will participate. All of the committee's recommendations will be forwarded to Director Eppink for presentation to the Ohio Department of Natural Resources (ODNR).
- G. Leslie Burns of Chippewa Lake asked Director Eppink if all language related to the change of "no-wake times" was removed from what needed to be filed with ODNR by January 4. He replied that all language relating to "no-wake times" was removed. The determination of no-wake times/zones will not be filed until after the advisory committee performs its job and offers proposed recommendations. Ms. Burns mentioned that, perhaps, the park district would seek committee representation from the Euclid Avenue area such as Brock Lemmon. Director Eppink will reach out to Mr. Lemmon.
- H. Commissioner Venner commented on the number of area resident responses he received that mentioned generational and historic knowledge of the lake. He commended the individuals who sent messages to share the importance of the lake.
- I. Director Eppink said that the park district wants to continue all activities on the lake including skiing, fishing, kayaking, and sailing—it is our intent to find the right balance for all rather than to overwhelm the lake.
- J. Barbara McGrath of Chippewa Lake said that she understands the need to balance the lake for all user groups.
- K. Lisa Krosse of Chippewa Lake said that she has kayaked the lake probably 600 times in the last seven years and has never felt unsafe.
- L. Director Eppink asked, and it was decided, that Commissioner Neate will serve as park board representation on the stakeholders committee.
