Open Park Sites

Why did the park district decide to close some parks? Medina County Park District manages 18 open parks and more than 40 miles of trails. The maintenance staff is comprised of 14 individuals who are responsible for cleaning restrooms and removing trash on a daily basis. Several staff members have been instructed not to come to work because of possible symptoms of, or exposure to, the COVID-19 virus. Director Eppink made the decision to keep a select number of parks open to ensure parks are being maintained properly.
