

Woodland Health Day of Service

Help us pull garlic mustard from sensitive wildflower habitats in several parks.

Join us for a day of service pulling an aggressive weed from sensitive wildflower habitats. OSU Extension Master Gardener Volunteers of Medina County and Medina County Park District Volunteers will educate about the habitat garlic mustard threatens and about some of the wildflowers we are protecting. You will learn everything you need to know about identifying and removing this invasive species. This is an excellent opportunity to give back to your community and ensure a healthy park for future generations. Bring your own work gloves and dress appropriately for the outdoors. Ages 7 to adult.

Saturday, April 29	10 a.m. to 12 p.m.	Plum Creek Park North	Register by 4/24
Sunday, April 30	2 to 4 p.m.	Lake Medina	Register by 4/24
